Professional Summary

Ambitious and detail-oriented Software Engineer with experience in full-stack development and responsive UI/UX design. Skilled in React.js, Next.js, Python, Node.js, PostgreSQL, Snowflake, and AWS. Experienced in building scalable web applications, APIs, and data-driven platforms. Strong analytical and problem-solving abilities with focus on performance and code quality. Passionate about modern software engineering and cloud technologies. Seeking opportunities to contribute to innovative IT projects and grow professionally.

Experience

Software Engineer | Analytix-Hub Technologies Pvt. Ltd | Chennai, TN | Apr 2026 – Present

- Develop and maintain scalable frontend and backend applications.
- Build and integrate APIs, analytics platforms, and data-driven solutions.
- Work with Snowflake, PostgreSQL, and AWS cloud services for application and data management.
- Optimize application performance, reliability, and system scalability.
- Collaborate with cross-functional teams to deliver business and technical solutions.
- Follow software engineering best practices, testing methodologies, and code quality standards.

Software Development Engineer (SDE I) | Wraptron Apptech LLP | Chennai, TN | Mar 2024 – MAR 2026

- Develop and implement new software features and applications.
- Write clean, optimized, and testable code for frontend and backend systems.
- Debug and resolve issues, ensuring high performance and scalability.
- Collaborate with management and technical teams to deliver projects on time.
- Apply testing methodologies, write test cases, and maintain software quality.
- Recommend process improvements to optimize workflows and system performance.

Junior Executive | Shriram Finance | Theni, TN | Dec 2021 – Dec 2022

- Assisted customers with inquiries regarding financial products and services.
- Accurately managed customer information, loan details, and documentation.
- Facilitated loan disbursement processes and ensured compliance with regulations.

Technical Skills

Frontend: HTML5, CSS, JavaScript, React.js, Typescript, Next.js, Tailwind CSS, Progressive Web Apps, Astro.js, API Integration, Responsive Web Design

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication

Database & Cloud Services : PostgreSQL | Snowflake Data Cloud | AWS (EC2, S3, Cloud Front, IAM) | Cloud flare.

Tools & Platforms: Git, GitHub, Postman, CI/CD

Key Projects

- School of Sustainability (Live Website) – Developed and deployed a responsive, SEO-optimized website with reusable UI components using Cloudflare Pages for global delivery. ([Link](#))
- Energy Lab (Live Website) – Engineered a modern, component-based frontend with mobile-first responsive design and optimized performance for improved user engagement. ([Link](#))
- Galaxy Power (Live Website) – Developed a structured, responsive corporate website with optimized layout design and intuitive navigation for enhanced user experience. ([Link](#))
- Job Board Platform (MERN Stack) – Built a full-stack job portal with JWT authentication, RESTful API integration, responsive job listings, and secure user registration/login with role-based access control. ([Link](#))
- MediLink (React, Node.js, Express, PostgreSQL) – Built a secure full-stack appointment booking web application with JWT-based authentication, protected REST APIs, responsive UI, and PostgreSQL data persistence. ([Link](#))
- Shop Sphere (Next.js, Node.js, Express, MongoDB) – Built a full-stack e-commerce application with JWT authentication, product catalog, cart functionality, and REST API integration. ([Link](#))
- MDM Data Governance Platform (Python, FastAPI, PostgreSQL, Snowflake) – Built a full-stack data governance platform with data quality validation, quarantine management, rules engine, ETL pipeline simulation, analytics dashboard, and JWT-based authentication. ([Link](#))

Certifications

- SnowPro Associate: Platform Certification – Snowflake (2026) – [Link](#)
- Getting Started with Node.js – Simplilearn (2025) – [Link](#)
- Hacker Rank Certified – Problem Solving (2025) – [Link](#)
- React JS Development – Great Learning (2024) – [Link](#)
- Software Testing Course – Learn and Deployment (2023) -[Link](#)
- Selenium with Python – Great Learning (2023) – [Link](#)

Education

Master of Computer Applications (MCA), University of Madras – 2023–2025 | CGPA: 71%

Bachelor of Computer Applications (BCA), Bharathiar University – 2018–2021|CGPA:70%
